PUBLISHING INFORMATION

California Early Start Central Directory of Early Intervention Resources 2011 was developed under the leadership of the Department of Developmental Services (DDS). It was produced through a contract with the WestEd Center for Prevention and Early Intervention.

Permission is granted to reproduce any and all parts of this directory if credit is given to DDS. The directory is available in PDF format on the DDS website at <http://www.dds.ca.gov/earlystart>.

Every effort has been made to ensure the accuracy of the information contained in this directory. If there have been any changes since the date of publication, please fax these changes to DDS at 916/654-3255 or Early Start Resources at 916/492-4002.

ORDERING INFORMATION

This publication is available for download online at <http://www.dds.ca.gov/earlystart>. For additional information or questions, contact Early Start Resources at 800/869-4337.

For information about California Early Start contact DDS at 800/515-BABY, visit our website at <http://www.dds.ca.gov/earlystart> or e-mail earlystart@dds.ca.gov.

Foreword

Children are our most valuable resource. The investment we make in them today will benefit all of California tomorrow. Early intervention services make a difference in the lives of infants and toddlers with developmental delays or disabilities and their families.

Based on the needs of the child and family, early intervention services maximize the developmental potential of infants and toddlers with disabilities within the context of their daily routines and activities, increasing their potential to live independently and exercise their full rights as citizens. The earlier intervention is started, the more likely it is that the educational achievement and quality of life for children with disabilities will be higher.

The federal Individuals with Disabilities Education Act (IDEA), Part C, and the California Early Intervention Services Act ensure that infants and toddlers with disabilities and their families receive coordinated services early enough to make a difference. Meeting the complex needs of infants with disabilities and their families involves the services and supports of multiple state and local agencies. To ensure maximum effectiveness, these services are coordinated, flexible, culturally responsive, accessible and, most importantly, responsive to the needs of the child and family.

In California, Early Start's system of early intervention services is intended to support and enhance the capability of every family with an infant or toddler with a disability to meet the special developmental needs of their child. Infants and toddlers with disabilities are an integral part of our communities and make a valuable contribution to society as a whole. Through Early Start, California is committed to support these children and families.

Purpose of the Central Directory

The Early Start Central Directory ensures that:

- ✦ Parents, family members, service providers, and members of the public, including those with disabilities, can get information on the early intervention resources available throughout the state in a timely and organized manner, and
- ✦ Information regarding the nature and scope of these resources is available through telephone or written requests at state and local levels.

The Department of Developmental Services (DDS) periodically updates the Early Start Central Directory and maintains the information on the DDS website at <http://www.dds.ca.gov/earlystart/ResourceMaterials.cfm>. A toll-free information and referral telephone line, known as the Early Start BabyLine, is also maintained by DDS.

DDS collaborated with the State Departments of Education, Health Care Services, Social Services, Alcohol and Drug Pro-

grams, Mental Health, and Managed Care to identify the services and supports available through their respective agencies. Each agency maintains additional detailed information on the specific services that each provides statewide.

In local communities, family resource centers/networks, regional centers, and local education agencies maintain specific information about the private and public services available within their area. These local resources may include parent support groups; health care providers with knowledge about early intervention and disabilities; special education, early intervention and preschool programs; regional center contacts and vendored services; advocacy organizations; and other related resources for infants and toddlers with special needs and their families.

If you cannot find the information you need about Early Start, call the Early Start BabyLine at 800/515-BABY, visit our website at www.dds.ca.gov/earlystart, or e-mail us at earlystart@dds.ca.gov.

Visit www.melissadata.com/lookups/zipcityphone.asp to search for a county by zip code or telephone number.

Overview of California Early Start

WHAT IS EARLY START?

Early Start is California's system of early intervention services provided to infants and toddlers with disabilities and their families. It is a multiagency effort by DDS and the California Department of Education that encourages partnerships between families and professionals, family support, and coordination of services. The statewide system of early intervention services is available throughout California and can be accessed through regional centers for developmental disabilities, county offices of education, local school districts, health or social service agencies, and family resource centers/networks in your community.

An important part of Early Start is the network of family resource centers (FRCs) that provides parent-to-parent contact, information about disabilities and early intervention, and assistance in accessing services. Phone contact, home or hospital visits, and support groups are all ways in which families might connect with experienced, knowledgeable parent "peers" through their local FRC.

WHO IS ELIGIBLE?

Infants and toddlers from birth to 36 months of age may be eligible for early intervention services if, through documented evaluation and assessment, they meet one of the criteria listed below:

1. Have a developmental delay in either cognitive, communication, social or emotional, adaptive, or physical and motor development including vision and hearing; or
2. Have established risk conditions of known etiology with a high probability of resulting in delayed development.

WHAT ARE EARLY INTERVENTION SERVICES?

Early intervention services are provided based on the developmental needs of the child, the concerns and priorities of the family, and the resources available to them. Services are provided within the context of the child's and family's daily activities and routines. Eligible children and families may receive a variety of early intervention services; some children may need only one or two early intervention services. Early intervention services may include:

- ✦ Assistive technology, including devices or services
- ✦ Audiology or hearing services
- ✦ Family training, counseling, and home visits
- ✦ Health services necessary for a child to benefit from other early intervention services
- ✦ Medical services for diagnosis and evaluation only
- ✦ Nursing services
- ✦ Nutrition services
- ✦ Occupational therapy
- ✦ Physical therapy
- ✦ Psychological services
- ✦ Service coordination (case management)
- ✦ Social work services
- ✦ Special instruction
- ✦ Speech and language services
- ✦ Transportation and related costs necessary for a child to receive services
- ✦ Vision services

WHO PROVIDES SERVICES AND SUPPORTS?

Early intervention services are individually determined for each eligible infant or toddler and are provided, purchased, or arranged by a regional center or local education agency. Local education agencies are primarily responsible for services for infants with vision, hearing, and severe orthopedic impairments, including any combination of these solely low incidence disabilities. Regional centers are responsible for services for all other children eligible for Early Start. Early Start family resource centers provide parent-to-parent support, information, and referral for all families.

HOW MUCH DOES IT COST?

Early Start is funded by federal and state funds. Other publicly funded services may also be used. Private insurance is another resource that may be used to fund an early intervention service. Use of private insurance is voluntary and requires the family's informed consent.

ARE OTHER SERVICES AVAILABLE?

Yes. The Departments of Health Care Services, Mental Health, Social Services, and Alcohol and Drug Programs are State agencies that provide services and resources that may be beneficial. Descriptions of the services that these agencies provide are contained in this directory. Each agency determines eligibility for the services that it provides.

HOW DO I ACCESS MORE INFORMATION?

Call the regional center in your local area or 800/515-BABY, visit www.dds.ca.gov/earlystart, or e-mail us at earlystart@dds.ca.gov for resource information or referral to local Early Start services and family resource centers. Call 800/869-4337 for product information and free multilingual resources on early intervention or visit www.WestEd.org/cpei.

Referral to California Early Start

The first five years are critical in a child's life. The sooner a concern is identified, the sooner a child and family can be referred to the appropriate agency to determine eligibility for specialized services to support growth and development.

Regional centers are the point of entry into the system that serves all people with developmental disabilities, including infants and toddlers (see p. 9 for a complete description of regional center activities). Infants and toddlers who have vision, hearing, and severe orthopedic impairments (or a combination of these disabilities) receive individually designed early intervention services from local education agencies such as school districts and county offices of education (see p. 25 for a complete description of local education agency activities).

Once contact is made with a regional center or school district, a representative of these agencies will provide additional information about services and, if appropriate, make arrangements to have the child assessed to see if the child qualifies for special services. Parents must give written permission for the child to be assessed and to receive special education or early intervention services, which are confidential and provided at no cost to the family. The family can also receive information about local family resource centers (see listing beginning on p. 17) and Family Empowerment Centers, which provide parent-to-parent support, resource materials, and other information. Refer to page 5 for a flow chart that illustrates the referral process.

The following information is designed to assist you in determining whether your child or a child in your care may need to be referred to a regional center or local education agency for an evaluation and assessment to determine if the child is eligible to receive early intervention services.

RISK FACTORS

The following factors may place children at greater risk for health and developmental concerns:

- ✦ Prematurity or low birth weight
- ✦ Vision or hearing difficulties
- ✦ Prenatal exposure or other types of exposure to drugs, alcohol or tobacco
- ✦ Poor nutrition or difficulties eating (lacks nutritious foods, vitamins, proteins, or iron in diet)
- ✦ Exposure to lead-based paint (licking, eating or sucking on lead-based painted doors, floors, furniture, toys, etc.)
- ✦ Environmental factors, such as abuse or neglect

BEHAVIORS AND RELATIONSHIPS

Some of the following behaviors may be cause for concern in any child regardless of age.

- ✦ Avoids being held, does not like being touched
- ✦ Resists being calmed, cannot be comforted
- ✦ Avoids or rarely makes eye contact with others
- ✦ By age 4 months, does not coo or smile when interacting with others
- ✦ By age 1, does not play games such as peek-a-boo or pat-a-cake or wave bye-bye
- ✦ By age 2, does not imitate parent or caregiver doing everyday things, such as washing dishes, cooking, or brushing teeth
- ✦ By age 3, does not play with others
- ✦ Acts aggressively on a regular basis, hurts self or others

HEARING

- ✦ Has frequent earaches
- ✦ Has had many ear, nose, and/or throat infections
- ✦ Does not look where sounds or voices are coming from or react to loud noises
- ✦ Talks in a very loud or very low voice or voice has an unusual sound
- ✦ Does not always respond when called from across a room, even when it is for something that the child is usually interested in or likes
- ✦ Turns body so that the same ear is always turned toward a sound

SEEING

- ✧ Has reddened, watery eyes, or crusty eyelids
- ✧ Rubs eyes frequently
- ✧ Closes one eye or tilts head when looking at an object
- ✧ Has difficulty following objects or looking at people when talked to
- ✧ Has difficulty focusing or making eye contact
- ✧ Usually holds books or objects very close to face or sits with face very close to television
- ✧ Has an eye or eyes that look crossed or turned, or eyes do not move together

MOVING

- ✧ Has stiff arms or legs
- ✧ Pushes away or arches back when held close or cuddled
- ✧ By age 4 months, does not hold head up
- ✧ By age 6 months, does not roll over
- ✧ By age 1, does not sit up or creep using hands and knees, does not pick up small objects with finger and thumb
- ✧ By age 2, does not walk alone, has difficulty holding large crayons and scribbling
- ✧ By age 3, shows poor coordination and falls or stumbles a lot when running, has difficulty turning pages in a book
- ✧ By age 4, has difficulty standing on one foot for a short time
- ✧ By age 5, does not skip or hop on one foot, has difficulty drawing simple shapes

COMMUNICATING

- ✧ By age 3 months, does not coo or smile
- ✧ By age 6 months, does not babble to get attention
- ✧ By age 1, does not respond differently to words like “night night” or “ball”
- ✧ By age 1, does not say words to name people or objects, such as “mama” or “bottle,” or shake head “no”
- ✧ By age 2, does not point to or name objects or people to express wants or needs
- ✧ By age 2, does not use two-word phrases, such as “want juice” or “mama go”
- ✧ By age 3, does not try to say familiar rhymes or songs
- ✧ By age 3, cannot follow simple directions
- ✧ By age 4, does not tell stories, whether real or make-believe, or ask questions
- ✧ By age 4, does not talk so that adults outside of the family can understand

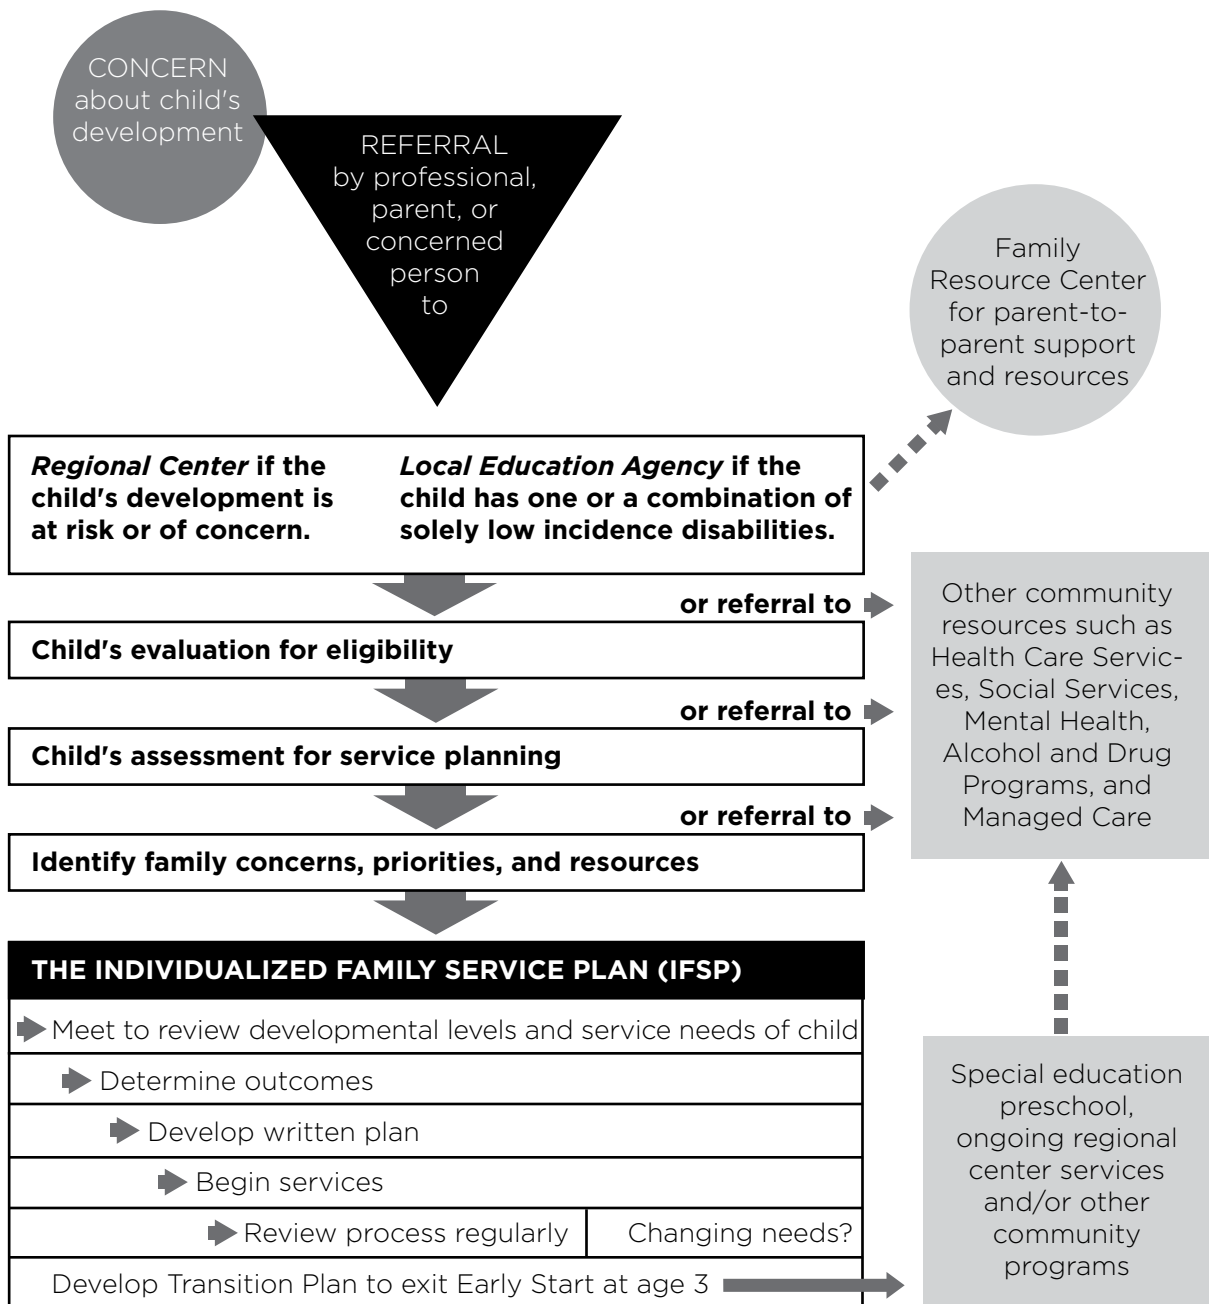

THINKING

- ✧ By age 1, has difficulty finding an object after seeing it hidden
- ✧ By age 2, does not point to body parts when asked such questions as “Where’s your nose?”
- ✧ By age 3, does not play make-believe games
- ✧ By age 3, does not understand ideas such as “more,” or “one”
- ✧ By age 4, does not answer simple questions, such as “What do you do when you are hungry?” or “What color is this?”
- ✧ By age 5, does not understand the meaning of today, yesterday, or tomorrow

WHAT IS THE PROCESS FOR MAKING A REFERRAL?

Department of Developmental Services

DDS provides leadership and direction to non-profit corporations to ensure that infants, toddlers, children, and adults with developmental disabilities receive the services and supports they need as envisioned by the California Early Intervention Services Act and the Lanterman Developmental Disabilities Services Act. The disabilities of the children and adults served include mental retardation, cerebral palsy, epilepsy, autism, and related conditions and, for infants and toddlers under age 3, established risks, developmental delays or disabilities. DDS contracts with 21 regional centers that provide, arrange or purchase services and supports at the local level.

CHILDREN AND FAMILY SERVICES BRANCH

DDS, as lead agency for Early Start, administers and coordinates a wide array of services for eligible infants and toddlers and their families. The Children and Family Services Branch coordinates California's early intervention service system. Under Part C of the federal IDEA, DDS is responsible for the planning, development, implementation, and monitoring of the statewide system of early intervention services in collaboration with the California Department of Education. DDS administers all mandatory and discretionary components required under IDEA including public awareness, personnel development, and interagency agreements with participating agencies and community-based organizations. DDS is also responsible for implementing procedural safeguards that protect the rights of children and families and for receiving and resolving complaints.

DDS maintains a toll-free BabyLine and website that provides information on California's Early Start system of services, including resources and referrals. DDS also contracts with local Early Start family resource centers across the state (see p. 17).

Regional Centers

Infants and toddlers, from birth up to 36 months, who have a developmental delay, or established risk, may be eligible to receive services through California's 21 community-based regional centers. DDS contracts with non-profit corporations that operate regional centers.

Regional centers are the single point of entry into the service system that serves people with developmental disabilities across all ages. Regional centers provide intake, evaluation, and assessment to determine eligibility and service needs. They also provide service coordination, advocacy, information, referral, and an array of other services to eligible infants and toddlers and their families.

Early intervention services are provided, purchased, or arranged by regional centers based on the unique needs of the child and family. Early intervention services that are not available through other publicly-funded agencies are generally purchased from community service providers who are "vendored" by the regional center. In some communities, regional centers contract with local education agencies (LEAs) to provide special instruction and other related early intervention services through their early childhood special education programs to children served by regional centers.

Regional centers coordinate with LEAs and other local agencies and organizations in evaluation, assessment, development of individualized family service plans, and service provision. For children who are dually served by a regional center and an LEA, basic special education and related services are usually provided by the LEA. Either LEAs or regional centers may be designated to provide service coordination. The regional center may also provide additional early intervention services or other available State services based on the needs of the child and family.

Early Start Family Resource Centers

Families of infants and toddlers, from birth up to 36 months, who have a developmental delay, or established risk, can receive parent-to-parent support from FRCs. FRCs, receiving Early Start funding, actively collaborate with local regional centers and educational agencies to help many parents, families, and children access early intervention services.

Early Start FRCs are staffed by parents who have children with special needs and provide information and parent-to-parent support. Each FRC is unique, reflecting the needs of their community. They may operate as independent sites or be based in regional centers, local education agencies, public health facilities, hospitals, or homes. Services are available in many languages and are culturally responsive to the needs of the individual family.

Early Start FRCs contracted by the DDS may provide:

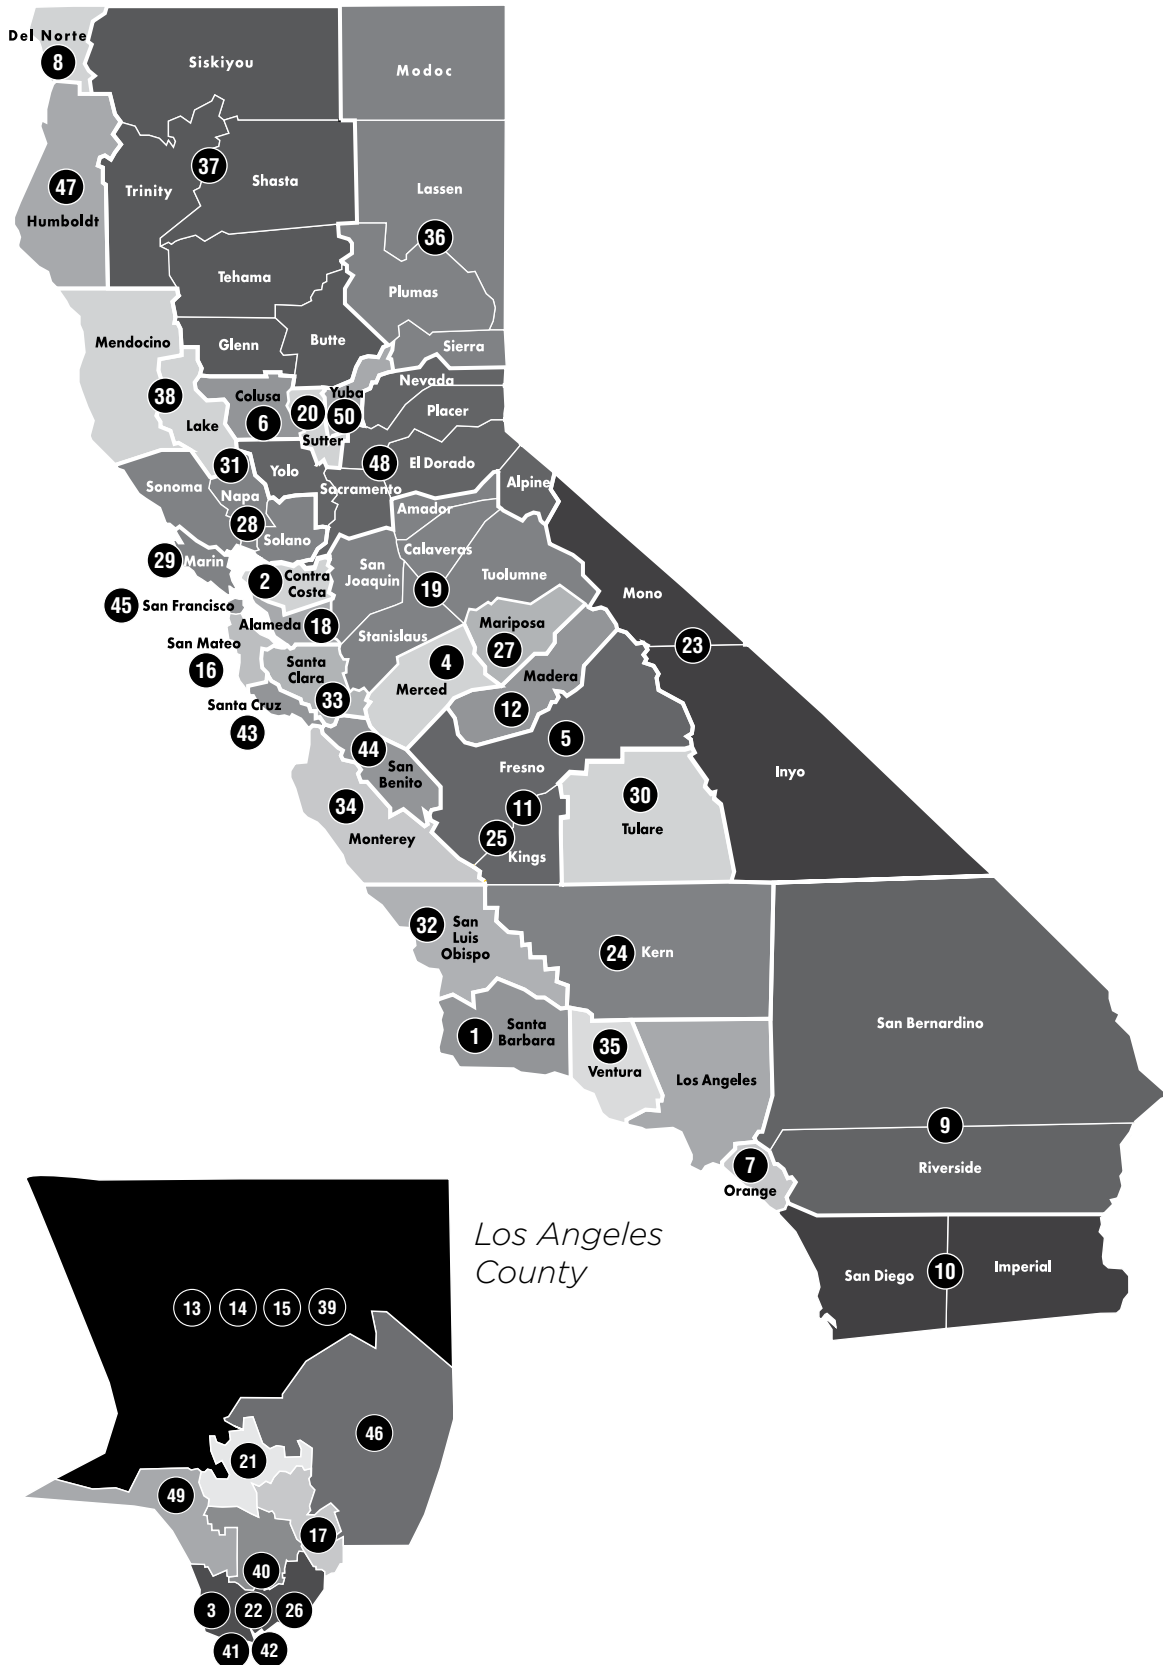

- ✦ Parent-to-parent and family support
- ✦ Peer counseling and home visits
- ✦ Information and referral
- ✦ Public awareness
- ✦ Parent education
- ✦ Support services in many languages
- ✦ Transition assistance
- ✦ Support services in urban and rural communities

Some FRCs have newsletters, resource libraries, and web sites, as well as parent and/or sibling support groups and telephone “Warmlines” or “BabyLines.”

In addition, the Family Resource Centers Network of California (FRCNCA) is a coalition of the State’s FRCs. The mission of FRCNCA is to support children with special needs and their families by ensuring the continuance, expansion, promotion and quality of family-centered, parent directed FRCs.

Visit the FRCNCA website at www.frcnca.org for more information.

California Department of Education

The core purpose of the California Department of Education is to lead and support the continuous improvement of student achievement, with a specific focus on closing achievement gaps.

SPECIAL EDUCATION DIVISION

The mission of the Special Education Division (SED) is to serve the unique needs of individuals with disabilities so that each person will meet or exceed high standards of achievement in academic and non-academic skills. This achievement will be represented by the ability of each person, in natural and formal settings, to demonstrate successful personal, vocational and social interaction, including transition to the workplace and independent living.

The Director's Office provides leadership and policy direction to ensure that all individuals with disabilities receive a free and appropriate public education that allows them to achieve employment; effective citizenship; independent living; and the personal, academic, and social skills necessary for a quality adult life.

CHILD DEVELOPMENT DIVISION

The Child Development Division (CDD) provides subsidized services to eligible children and families throughout California. The primary purpose of child care and development programs administered by CDD is to provide comprehensive, coordinated, and affordable services for children from birth to 14 years of age in low-income families. These child development services (1) assist low-income parents (including CalWORKs recipients) to achieve economic self-sufficiency by enabling the parents to work or participate in job training; (2) safeguard children referred by child protective services agencies; and (3) enhance the cognitive, physical, social, and emotional development of children.

STATE SPECIAL SCHOOLS AND SERVICES DIVISION

The State Special Schools and Services Division operates the California Schools for the Deaf in Fremont and Riverside, the California School for the Blind in Fremont, and the three state diagnostic centers located in Los Angeles, Fresno, and Fremont. This division also includes the Deaf and Hard of Hearing Unit, which maintains a referral system for the California Newborn Hearing Screening Program.

Special Education Local Plan Areas

Infants and toddlers who have vision, hearing, and severe orthopedic impairments (or a combination of these disabilities) receive individually designed early intervention services from LEAs such as school districts and county offices of education. Across the state, special education local plan area (SELPA) administrators coordinate early childhood special education programs, which include early intervention services.

Since 1980, state law included a partial requirement for early education programs to serve the number of infants and toddlers with disabilities that they served in 1980-81. LEAs also provide services to a number of additional children in order to continue to qualify for their current level of state funding.

LEAs provide early intervention services in the home, community settings, and centers. These services include special instruction, service coordination, family support, and other early intervention services identified in the child's Individualized Family Service Plan (IFSP). LEAs also coordinate with regional centers and other local agencies and organizations in evaluation, assessment, and development of IFSPs.

For children who are dually served by a regional center and an LEA, basic special education and related services are usually provided by the LEA. Either LEAs or regional centers may be designated to provide service coordination. The regional center may also provide additional early intervention services or other available state services based on the needs of the child and family.

California Department of Health Care Services

The Department of Health Care Services' (DHCS) mission is to preserve and improve the health status of all Californians. DHCS works closely with health care professionals, county governments, and health plans to provide a health care safety net for California's low-income individuals and persons with disabilities.

DHCS finances and administers a number of individual health care service delivery programs, including the California Medical Assistance Program (Medi-Cal), California Children's Services program, Child Health and Disability Prevention program, Genetically Handicapped Persons Program, High Risk Infant Follow-Up Program, Newborn Hearing Screening Program and Health Care Program for Children in Foster Care. DHCS also helps maintain the financial viability of critical specialized care services, such as burn centers, trauma centers, and children's specialty hospitals. In addition, DHCS funding helps hospitals and clinics located in underserved areas and those serving underserved populations.

DHCS programs are designed to:

- Deliver health care services to low-income persons and families who meet defined eligibility requirements;
- Emphasize prevention-oriented health care measures that promote health and well-being;
- Ensure access to comprehensive health services through the use of public and private resources; and
- Ensure appropriate and effective expenditure of public resources to serve those with the greatest health care needs.

CHILDREN'S MEDICAL SERVICES

Children's Medical Services (CMS) under the Systems of Care Division (SCD) of DHCS provides a comprehensive system of health care for children through preventive screening, diagnostic, treatment, rehabilitation, and follow-up services. CMS carries out this mission through a variety of programs meeting specific health care needs of targeted populations, which include:

- **CALIFORNIA CHILDREN'S SERVICES (CCS)**

California Children's Services provides diagnostic evaluations, treatment services, physical and occupational therapy, and medical case management for every child with special health care needs who has an eligible medical condition, is under 21 years of age, is a California resident, and meets specific income eligibility requirements.

Health Care Program for Children in Foster Care

www.dhcs.ca.gov/services/HCPFC/Pages/default.aspx

- **CHILD HEALTH AND DISABILITY PREVENTION (CHDP)**

Child Health and Disability Prevention provides comprehensive health assessments, including vision, hearing, immunizations, and physical examinations, and dental, nutritional, and developmental assessments to children under 19 years of age whose families meet specific low-income criteria and to children under 21 years of age who are enrolled in Medi-Cal.

- **HIGH-RISK INFANT FOLLOW-UP PROGRAM**

The High-Risk Infant Follow-up Program follows graduates of CCS-approved neonatal intensive care units until age 3 and provides comprehensive physical examinations, vision and hearing assessment, developmental and psychosocial assessments, and referrals.

- **NEWBORN HEARING SCREENING PROGRAM**

The California Newborn Hearing Screening Program provides hearing screening services for infants born in general acute care hospitals with delivery services. Parents are assisted with access to screening, diagnostic evaluation, and intervention services. Infants identified with a hearing loss are linked to early intervention services through an established Early Start referral system.

- **HEALTH CARE PROGRAM FOR CHILDREN IN FOSTER CARE**

The Health Care Program for Children in Foster Care is a public health nursing program in child welfare services. Public health nurses (PHNs) funded by the program work as consultants to social workers, probation officers, and other members of the foster care team. The purpose of their consultation and care coordination is to enhance the physical, mental, dental, and developmental health and well-being of children and youth in the child welfare and probation systems. PHNs collaborate on the health portion of the case plan, coordinate medical and other health services, and serve as liaisons with health care providers and agencies. PHNs assist the case worker and probation officer in the development and updating of the required Health and Education Passport. They provide training on child health for child welfare, probation, and juvenile court staff.

California Department of Social Services

The California Department of Social Services (CDSS) is an Early Start collaborative partner whose mission is to serve, aid, and protect needy and vulnerable children and adults in ways that strengthen and preserve families, encourage personal responsibility, and foster independence. CDSS strives to carry out its mission of providing aid, services, and protection to needy children and adults while strengthening and encouraging individual responsibility and independence for families. By managing and funding its programs, the objectives of CDSS are carried out through 51 offices located throughout the state, the 58 county welfare department offices, and a host of community-based organizations. Local Social Services programs are administered by county and branch offices and provide local information on public and private social services available in each county.

CDSS regulates and monitors the delivery of services through individual county governments. CDSS is the agency authorized by statute to issue regulations, policies, and procedures necessary to implement the state's child welfare system.

CHILDREN AND FAMILY SERVICES DIVISION

The Children and Family Services Division (CFSD) of CDSS plays a vital role in the development of policies and programs that support its vision of "Every child will live in a safe, stable, permanent home, nurtured by healthy families and strong communities." The CFSD is responsible for ensuring the safety, permanency, and well-being of California's children and providing oversight of Child Welfare Services (CWS), which is the primary responsibility of the division in collaboration with its many stakeholders. The goals of CFSD are to prevent child abuse; provide services early to prevent foster care placement; assure foster care placements are short-term and children reside in safe, permanent families; and prepare and support transition youth to be self-sufficient and independent with a permanent adult connection.

California Department of Alcohol and Drug Programs

The Department of Alcohol and Drug Programs (ADP), an Early Start collaborative partner, directs and coordinates the statewide effort to prevent and reduce alcohol and drug abuse and their effects. ADP provides funding for county-administered and other alcohol and drug prevention and treatment services for persons who have, or are at risk of having, drug and alcohol problems. Intake and assessment for services vary at the local level and may be based on self-report, court order, or past history of substance abuse.

Generally, ADP treatment programs focus on adults, however, some local programs may offer services for younger children as part of other treatment programs for women and families. Counties place a particular emphasis on prevention and treatment programs for pregnant women through the ADP Perinatal Services Network (PSN). The provision of PSN services has increased awareness of and involvement in the early intervention service delivery system.

Each county drug or alcohol program can provide information on services available within each county.

California Department of Mental Health

The Department of Mental Health (DMH), also an Early Start collaborative partner, directs and coordinates the statewide delivery of publicly-funded mental health services. Services are provided at the county level and attempt to reflect the needs of each community. Services for children and youth typically include intake referral, mental health evaluation and assessment, outpatient treatment, day treatment, residential placement, and case management services provided by a wide range of mental health professionals and paraprofessionals.

Treatment includes assessments conducted to determine the need for mental health services and to identify the most appropriate provider. Programs provided by county mental health departments have typically focused on services for school-age children, adolescents, and adults with eligible conditions. However, services for families and infants and toddlers with delays or disabilities may be provided in conjunction with other agencies and local early intervention services.

County mental health departments can provide local program information on public and private mental health services available in each county.

California Department of Managed Health Care

The Department of Managed Health Care regulates all HMOs and Anthem Blue Cross and Blue Shield PPOs. When consumers experience problems with their health plan they can contact the Department for assistance. The Department ensures that health plans follow the law and that health plan members receive the right care at the right time.

The Help Center is a free consumer assistance service for those instances when a consumer has been denied health care or is dissatisfied with his/her health plan's decision. Issues the Help Center addresses could involve the following:

- Difficulty in obtaining a diagnosis or evaluation
- Difficulty in obtaining a comprehensive treatment plan
- Difficulty in obtaining referrals to specialists and authorizations for treatment
- Denial, delay, or modification of appropriate interventions and treatment programs, including speech, occupational, and physical therapies
- Denial of appropriate medications
- Denial of investigational therapies
- Difficulty in obtaining supplies or other medically necessary services and treatments

The Department of Managed Health Care will work with consumers and their health plan to resolve these disputes.

If treatment has been delayed, denied, or modified, consumers have the right to an independent medical review. The decision by an external medical expert, that has no financial interest, is binding on the plan.

Contact the Help Center at 888/466-2219 or visit www.healthhelp.ca.gov.

First 5 California Children and Families Commission

Research shows that a child's brain develops most dramatically during the early years of life. The vision of First 5 California is that "all children in California enter school ready to achieve their greatest potential." Through statewide school readiness programs and public education efforts, First 5 California, along with First 5 county commissions and numerous other partners, represents an important part of California's effort to nurture and protect its most precious resource – its children.

First 5 California

info@ccfc.ca.gov

More than 10 percent of children ages birth to 5 in California have a disability or special need that will affect how they grow and develop and may impact their ability to play and learn. By working with First 5 county commissions and other partners to help identify children with special needs early, including children who don't qualify for mandated services, and get them the resources, services and support they need, First 5 California makes sure parents and caregivers know they are not alone in this process.

First 5 California also works with county agencies to help parents and caregivers learn the early signs of developmental delays or difficulties and collaborates to get a child help when it is first needed, ideally as early as from birth to age 3. Early intervention can make a big difference as a child grows and might prevent more serious problems later on.

Current efforts at First 5 California include the development and implementation of integrated programs and resources designed to benefit three target audiences: the child, the teacher, and the parent in the focus areas of nutrition, early literacy and language development, special needs, and smoking cessation.

State Interagency Coordinating Council on Early Intervention

The State Interagency Coordinating Council (ICC) on Early Intervention assists and advises DDS concerning the statewide system of early intervention services. The ICC also assists DDS in achieving the full participation, cooperation, and coordination of appropriate public agencies that serve young children and their families. The ICC serves as a forum for public input from parents, service providers, service coordinators, and others about federal, State, or local policies that support the timely delivery of appropriate early intervention services.

Members of the ICC are appointed by the Governor. The council is comprised of parents of children with disabilities, early intervention service providers, health care professionals, state agency representatives, and others interested in early intervention. Meetings are held four times each year.

POLICY TOPICS COMMITTEE

Advises and assists the ICC regarding current topics of concern related to the Early Start service system.

CHILD & FAMILY OUTCOMES COMMITTEE

Advises and assists the ICC regarding support to infants and toddlers and their families, including Child and Family Outcomes.

QUALIFIED PERSONNEL COMMITTEE

Advises and assists the ICC regarding quality assurance in the areas of personnel and program standards.

QUALITY DATA COMMITTEE

Advises and assists the ICC by reviewing system data and interpreting service delivery trends.

Training, Technical Assistance, and Resources

The following statewide resource projects provide training, technical assistance, program and staff development resources, family education resources, and support for various aspects of California Early Start.

California Early Intervention Technical Assistance Network

WestEd Center for Prevention and Early Intervention

1000 G Street, Suite 500
Sacramento, CA 95814
916/492-4011 | FAX: 916/492-4002
www.wested.org/cpei

Under the direction of the California Department of Developmental Services, the California Early Intervention Technical Assistance Network (CEITAN) provides training, technical assistance, and support to agencies and programs regarding the Early Start system for infants and toddlers with disabilities and their families.

CEITAN facilitates the implementation of a statewide comprehensive system of personnel development (CSPD) for Early Start. CEITAN coordinates with colleges, universities, professional organizations, Part B CSPD activities, and other personnel development providers to enhance training opportunities in the field of early intervention.

Early Start Statewide Institutes and Special Topic Trainings

- ✦ Early intervention competencies for professionals in three core content areas
- ✦ Service coordination trainings: foundation and advanced
- ✦ Annual Family Resource Centers and Networks Conference

California Early Start Personnel Development Scholarship Fund

- ✦ Supports professional development for personnel who provide early intervention services

Community College Personnel Preparation Project

- ✦ Presents a comprehensive curriculum for persons interested in working with infants, toddlers, and young children with disabilities through a network of community college child development programs (see listing on page 121)

Early Start Consultant Network

- ✦ Provides technical assistance in CSPD product development, the monitoring process, and on other state priority projects

Early Start Resources

WestEd Center for Prevention and Early Intervention

11000 G Street, Suite 500
Sacramento, CA 95814
800/869-4337 | FAX: 916/492-4002
www.wested.org/cpei | esr@wested.org

Early Start Resources (ESR), a special project of the California Department of Developmental Services (DDS), facilitates implementation of Early Start statewide public awareness activities including targeted outreach to specific populations. Under the direction of DDS, ESR produces and disseminates a variety of public awareness and outreach materials and products that promote Early Start. Multilingual materials are available for parents, healthcare providers, and early intervention professionals.

ESR also offers statewide access to the Early Start Library, which houses more than 4,000 early intervention resources including books, research reports, training videos, and support materials and is in the process of developing an electronic resource focused on early intervention resources.

Resource assistance, including linkage and referral, is also provided.

California Inclusion and Behavior Consultation Network (CIBC)

WestEd Center for Prevention and Early Intervention

1000 G Street, Suite 500
Sacramento, CA 95814
916/492-4011 | FAX: 916/492-4002
www.wested.org/cpei

Administered by the California Department of Education Child Development Division and the WestEd Center for Prevention and Early Intervention, CIBC is a statewide network of community based, experienced consultants who assist early care and education providers, at their sites, to cultivate the skills and tools they need to be successful as they support the development and early learning of children ages birth to 5 with challenging behaviors. Consultants confer with providers, observe environments, facilitate development of action plans, and support site implementation of those plans (www.cibc-ca.org).

California Center for Infant-Family and Early Childhood Mental Health

WestEd Center for Prevention and Early Intervention

1000 G Street, Suite 500
Sacramento, CA 95814
916/492-4011 | FAX: 916/492-4002
www.wested.org/cpei

To assure the quality of infant-family and early childhood mental health services throughout the state, the California Center published best practice guidelines and developed a comprehensive certificate endorsement program. *The California Training Guidelines and Personnel Competencies for Infant-Family and Early Childhood Mental Health (Revised)* reflects the didactic knowledge, clinical experience, and reflective practice facilitation professionals need for endorsement as Mental Health Core Providers and Mental Health Specialists. California Center professionals also convene think tanks and conferences that gather statewide and national leaders to further the field and offer publications and other resources (www.ecmhtraining-ca.org).

Special Education Early Childhood Administrators Project (SEECAP)

HOPE Infant Family Support Program, San Diego County Office of Education

255 Pico Avenue, Suite 101, Room 200
San Marcos, CA 92069
760/471-8208 x228 | FAX: 760/591-3510
www.sdcoe.k12.ca.us/student/eeeps/seecap

A special project of CDE, Special Education Division, the Special Education Early Childhood Administrators Project provides training and support to emerging and experienced administrators of early childhood special education programs and leaders from a variety of public and private agencies serving young children and their families.

Supporting Early Education Delivery Systems (SEEDS)

Sacramento County Office of Education

10474 Mather Boulevard
P.O. Box 269003
Sacramento, CA 95826-9003
916/228-2379 | FAX: 916/228-2311
www.scoe.net/seeds

A special project of CDE, Special Education Division, Supporting Early Education Delivery Systems provides technical assistance to administrators, staff, and families involved in early childhood special education programs. The project has an established network of consultants and visitation sites to assist local education agencies in providing quality services and implementing changes to meet specific state and federal requirements.

California Child Care Healthline

Child Care Health Program

1950 Addison Street, Suite 107
Berkeley, CA 94704-1182
510/204-0930 | FAX: 510/839-0339
www.ucsfchildcarehealth.org

The Healthline offers a toll-free number for child care providers and families staffed by public health nurses with consultation from specialists in the following areas: nutrition, infant development, mental health, special needs, and car seat safety.

Center for Human Services

Center for Child and Family Studies University Extension

1632 DaVinci Court
Davis, CA 95616
530/757-8643 | FAX: 530/754-5104
www.humanservices.ucdavis.edu

FAMILY CHILD CARE AT ITS BEST

The Center provides a training curriculum for family child care providers.

California Child Care Resource and Referral Network

111 New Montgomery Street, 7th Floor
San Francisco, CA 94105
800/543-7793, 415/882-0234
FAX: 415/882-6233
www.rrnetwork.org

The Resource and Referral Network is committed to improving the quality and availability of child care throughout California. Agencies provide information, training, and support for parents, caregivers, and their community regarding child care options and training opportunities. The Network also provides local contact information.

Region IX--Head Start Technical Assistance Network

Early Head Start Programs

Early Head Start (EHS) is a federally funded community-based program for low-income families with infants and toddlers and pregnant women. Its mission is to promote healthy prenatal outcomes for pregnant women, enhance the development of very young children, and promote healthy family functioning.

EHS programs have the responsibility to coordinate with programs providing services in accordance with Part C of the Individuals with Disabilities Education Act. Children with disabilities are fully included in program activities.

Advocacy Organizations

CALIFORNIA STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

The California State Council on Developmental Disabilities (SCDD) is a federally funded independent state agency established in federal and state law to assist in planning, coordinating, monitoring, and evaluating services for individuals with developmental disabilities and their families. The council sponsors families to attend events or activities related to empowerment.

1507 21st Street, Suite 210
Sacramento, CA 95811
916/322-8481, 916/324-8420 (TDD)
FAX: 916/443-4957
www.scdd.ca.gov

REGIONAL OFFICES (AREA BOARDS)

The regional offices under the State Council on Developmental Disabilities were previously known as area boards. They are agencies that advocate for the legal and civil rights of Californians with developmental disabilities throughout the state. As of January 1, 2003, the area boards were moved under the State Council on Developmental Disabilities.

Websites

The following resources are a sampling of websites that offer assistance in the areas of disability, family support, service provision, advocacy, and others.

ADMINISTRATION FOR CHILDREN AND FAMILIES ensures that individuals with developmental disabilities and their families participate in the design of and have access to culturally competent services, supports, and other assistance and opportunities that promotes independence, productivity, and integration and inclusion into the community. www.acf.hhs.gov

AMERICAN SPEECH AND HEARING ASSOCIATION'S mission is to ensure that all people with speech, language, and hearing disorders have access to quality services to help them communicate effectively. The web site provides information about communication and communication disorders as well as a referral service to access qualified professionals. www.asha.org

ASSOCIATION OF UNIVERSITY CENTERS ON DISABILITIES is a network of interdisciplinary centers advancing policy and practice for and with individuals with developmental and other disabilities, their families, and communities. www.aucd.org

CONSORTIUM OF DEVELOPMENTAL DISABILITIES COUNCIL is a member-driven organization that is committed to representing the diverse interests of Developmental Disabilities Councils and the people with disabilities that councils were created to serve.

COUNCIL FOR EXCEPTIONAL CHILDREN (CEC) is the largest international professional organization dedicated to improving educational outcomes for individuals with exceptionalities, students with disabilities, and/or the gifted. CEC advocates for appropriate governmental policies, sets professional standards, provides continual professional development, advocates for newly and historically underserved individuals with exceptionalities, and helps professionals obtain conditions and resources necessary for effective professional practice. www.cec.sped.org

DISABILITY.GOV is designed to provide people with disabilities quick information. Its portal provides access to disability-related information and programs available across the government on numerous subjects, including civil rights, education, employment, housing, health, income support, technology, transportation, and community life. www.disabilityinfo.gov

DISABILITY RIGHTS EDUCATION AND DEFENSE FUND, INC. is a national law and policy center dedicated to protecting and advancing the civil rights of people with disabilities through legislation, litigation, advocacy, technical assistance, and education and training of attorneys, advocates, persons with disabilities, and parents of children with disabilities. www.dredf.org

EASTER SEALS assists more than one million children and adults with disabilities and their families annually through a nationwide network of more than 450 service sites. Each center provides top-quality, family-focused and innovative services tailored to meet the specific needs of the particular community it serves. www.easter-seals.org

FAMILY VILLAGE is a global community that integrates information, resources, and communication opportunities on the Internet for persons with cognitive and other disabilities, their families, and those that provide services and support. The community includes informational resources on specific diagnoses, communication connections, adaptive products and technology, adaptive recreational activities, education, health issues, disability-related media and literature. www.familyvillage.wisc.edu

FAMILY VOICES advocates for the inclusion of a set of basic principles in every health care reform proposal. www.familyvoices.org

NATIONAL ASSOCIATION OF CHILD CARE RESOURCE AND REFERRAL AGENCIES is a nonprofit organization dedicated to providing the most up-to-date and useful information to parents seeking child care, child care professionals, members, and child care advocates. www.naccrra.org

NATIONAL ASSOCIATION OF DEVELOPMENTAL DISABILITIES COUNCILS is a national organization for Developmental Disabilities Councils that advocates and works for change on behalf of people with developmental, as well as other, disabilities, and their families. www.nacdd.org

NATIONAL ASSOCIATION FOR THE EDUCATION OF YOUNG CHILDREN exists for the purpose of leading and consolidating the efforts of individuals and groups working to achieve healthy development and constructive education for all young children. www.naeyc.org

NATIONAL EARLY CHILDHOOD TECHNICAL ASSISTANCE CENTER supports the implementation of the early childhood provisions of the Individuals with Disabilities Education Act. Its mission is to strengthen service systems to ensure that children with disabilities (birth through five) and their families receive and benefit from high quality, culturally appropriate, and family-centered supports and services. www.nectac.org

NATIONAL INFORMATION CENTER FOR CHILDREN AND YOUTH WITH DISABILITIES provides information on disabilities and disability-related issues. Services are available to families, educators, administrators, students, and others interested in disability-related issues. www.nichcy.org

PROTECTION AND ADVOCACY (P&A) SYSTEM comprises the nationwide network of congressionally mandated, legally based disability rights agencies. P&A agencies have the authority to provide legal representation and other advocacy services, under all federal and state laws, to all people with disabilities. www.protectionandadvocacy.org

TASH is an international association of people with disabilities, their family members, other advocates, and professionals fighting for a society in which inclusion of all people in all aspects of society is the norm. www.tash.org

TECHNICAL ASSISTANCE ALLIANCE is an innovative project that focuses on providing technical assistance for establishing, developing, and coordinating Parent Training and Information Projects and Community Parent Resource Centers under the Individuals with Disabilities Education Act. www.taalliance.org

ZERO TO THREE is a national, nonprofit organization dedicated to advancing the healthy development of babies and young children by supporting and strengthening families, communities, and those who work on their behalf. The organization is dedicated to advancing current knowledge; promoting beneficial policies and practices; communicating research and best practices to a wide variety of audiences; and providing training, technical assistance and leadership development. www.zerotothree.org

ORDER FORM

FOR FAMILIES AND PROFESSIONALS INVOLVED IN EARLY INTERVENTION

Please complete and fax or mail to Early Start Resources. All materials are free; however, due to increasing print costs, special permission is required for orders exceeding 500 items per product. We will do our best to accommodate these requests. Orders will be filled in the order received. Backorder items will be shipped when the materials are received by ESR. Early Start Resources may be downloaded from www.dds.ca.gov/EarlyStart/ESResMaterials.cfm.
